

Message from SIRIUS 05.07 2022

The Sirius Gateway, Portal 7 7.

We greet you Children of Light. We bring you the light of SIRIUS at the time of this gateway. At this moment in time our star aligned with you Sun, bringing forth Activating energies.

We have visited your world in the past many times. Now we also stand with you in divine unity, holding the light of The One, so all children of Gaia may rise out of the ashes of the past.

We are here to share our wisdom on how you can best navigate the time of this alignment and also how you can best connect with your star ancestors.

Know that all of the codes to distant places, and their people are coded within your very cells. Your body is made out of the same substance as your Earth, but still a part of your genetics originates from different worlds. You are all interlinked with different star systems, and their inhabitants.

You may connect with this hidden knowledge by first cleansing yourself. Only one who is able to rid themselves of the lower vibrations may be able to shift and move in ways through which they can connect with their star ancestors.

If your body and mind is held down by dense energies, then you can not raise and shift your vibration at will.

After you have sufficiently cleansed and healed yourself, know that all connections that are in alignment with your soul's journey will be brought to your attention.

This may happen in subtle ways, in ways that are unnoticeable to the uninitiated ones, but you who are awakened, are capable of sensing subtle shifts in your surroundings, and also within, thus you will start to pick up on what is occurring around you.

We do not present ourselves to you, for we are not here to make it easy for you. You must learn to work with subtle energies, meaning that you have to refine how your body and mind works, otherwise you won't be able to

interact with us in a conscious way. Being able to maneuver and manage your own energies are crucial when it comes to interaction with higher vibrational beings.

You may see this part as a rite of passage; for only the ones who manage to master their own energies may be able to communicate with beings from other dimensions.

This way you are able to come closer to our resonance, for only thus can you consciously receive the signals that we are transmitting.

We do not make it easy for you. You must grow up and own your own body and mind before you can open yourselves up to the greater Cosmos. Humanity is on the verge of becoming an integral part of the Cosmic society, but in order to do so in a conscious manner, these are the first steps that you must take.

All of humanity is in the middle of the global initiation process. Your beliefs regarding your rights as a human being and your rights or ownership over your own body and mind is being challenged. This is why, as the Veil Thins, many of you are able to pick up on things that were previously hidden to your senses.

As you consciously remove all of your energy from the old structures of power, and open yourselves up to a new possibility, opportunities and guides of all manner will present themselves to you. They are here to further assist you on your path of healing and conscious integration.

Make an effort each day to reflect on what has happened in your life so far. Ask yourself; how do you see yourself as a human being? What are the things that you need to work on at this time?

Focus on your inner work as much as you can, for this time can be an excellent catalyst in your growth!

With that we leave you children of the stars,
Be well Sun of the Morning.

A'ho Blessings.
